THE PEANUT GALLERY

11 TRACKS / INDIE ROCK

HARDY CREW LABEL

Recorded at Hardy Crew Studios in Newport Beach, California. A collaborative debut blending indie rock, synthesizers, and elements of funk.

02 / ARTIST BIO

The Peanut Gallery is a collaborative music project bringing together different artists, personalities, and influences under one name. Created in collaboration with Bubbles, the project is built around a simple idea: music gets more interesting when everyone brings something different to it. Each collaboration gives The Peanut Gallery its own sound, shaped by the people involved rather than a single fixed style.
